

# ST. MALACHY CATHOLIC SCHOOL

The state recently increased the income eligibility requirements for School Choice Scholarships, or vouchers, so more families are eligible. However, a family must meet one of eight tracks listed below to participate in the Choice Scholarship Program.

1. Continuing Choice Scholarship Student Track
2. Previous Choice Scholarship Student Track
3. Previous Scholarship Granting Organization (SGO) Award Track
4. Special Education Track
5. "F" Public School Track
6. Two Semesters in a Public School Track
7. Sibling Track
8. Pre-K Track

Often families will have to receive a \$500 SGO first as a pathway when they enter kindergarten. This is the most utilized pathway for Choice Scholarship awards. Please help me strengthen our SGO fund so that we can continue to award scholarships to students, thereby creating a pathway for them to qualify for the state voucher.

St. Malachy Catholic School partners with the Institute for Quality Education, a scholarship granting organization (SGO), which allows donors to support private education through tuition assistance and receive a substantial Indiana state tax savings of 50 percent of the donation (in addition to a federal tax deduction).
